SUMMARY

I'm a Computer Science Engineering student specializing in AI/ML, now moving into UI/UX design. I'm passionate about creating simple, beautiful, and user-focused digital experiences. Currently, I'm improving my skills in Figma and learning about design systems, accessibility, and human-centered design. My goal is to become a thoughtful and impactful UI/UX designer.

WORK EXPERIENCE

Tech Lead Intern – Swecha Hyderabad   **May 2025 - Present**

- Built an Intern Tracking System using Streamlit and Python to monitor attendance, tasks, and performance in real time.
- Automated daily progress and report generation, improving tracking efficiency by 40%.
- Designed an intuitive and interactive dashboard for seamless data visualization and intern management.

EDUCATION

Bachelor of Technology in Computer Science and Engineering – AI/ML   **2023 - Present**
Stanley College of Engineering and Technology For Women , Hyderabad   **CGPA: 8.1**
- Specialization in Artificial Intelligence and Machine Learning
- Relevant coursework: AI , Machine Learning, Data Structures, Algorithms

Intermediate (MPC)   **2021 - 2023**

Narayana Junior College , Hyderabad   **Grade : A**
- Relevant coursework: Science & Mathematics

School (10th Grade)   **2021**

Narayana High School, Hyderabad   **CGPA : 10**
- Actively took part in school activities, science fairs, and cultural programs.

ADDITIONAL INFORMATION

- **Technical Skills:** Python, C, Java, Streamlit, Hugging Face, HTML, CSS, JavaScript, Figma, Canva, AutoCAD, Project & Team Management, UI/UX Design.
- **Languages:** Telugu (Native), English (Professional), Hindi (Professional)
- **Certifications:** Data Structures (LinkedIn Learning), Java Programming (Great Learning), Basic Game Development using Scratch (Coursera), Google Ads Certification (Coursera)
Currently :- UI/UX Development Professional Course (Coursera/Google)
- **Awards & Activities:** Event Organization Shield – StanFest, 1st Prize "Guess What Am I" – Engineering Day, 2nd Prize Poster Making – Engineering Day , Finalist – AI Hack Days Hackathon @ Tech Mahindra
- **Volunteering:** Digital Head, Hyderabad Youth Association – Street Cause Project (Mar–Aug 2024), raised ₹8.3K for charity, managed social media campaigns

- **Interests & Hobbies:** Cooking & baking, playing badminton and cricket, reading thrillers and mysteries, designing and DIY projects, exploring UX case studies

EXPERIENCE & PROJECTS

Team Lead & Developer – SPrep App (February2025 - April 2025)
- **Tech Stack**: HTML, CSS, JavaScript
- **Live App**: https://sreehithamadiraju.github.io/Sprep/signin.html
- Designed and led development of a student-focused app offering mock tests, study planners, and a chatbot.
- Implemented responsive UI with privacy-first backend logic.
- Coordinated team deliverables and ensured timely feature rollouts.

Developer – MVSR Hackathon Insight Bot (March 2025)
Tech Stack: HTML, CSS, JavaScript
- **Live App: https://lnkd.in/g2KyjaRc**
- Developed an intuitive chatbot interface to assist students in academic planning.
- Led UI direction ensuring seamless interaction and mobile responsiveness.
- Managed time-sensitive development while keeping user clarity a priority..

Developer – ACS Tracker (May 2025 – Aug 2025)
Tech Stack: Python, Streamlit, Hugging Face
- **Live App: https://acs-tracker-q9ac3vwzs9xkwtrecwx5c3.streamlit.app/**
- Built a system to filter and highlight the best ACS scores and top resumes.
- Designed dashboards for quick insights and data-driven decision-making.

Team Lead & Developer – Interns Tracker (May 2025 – Aug 2025)
Tech Stack: Python, Streamlit
- **Live App: https://internstracker.streamlit.app/**
- Developed a comprehensive tracker for interns' attendance, tasks, and performance.
- Automated report generation and performance analytics, reducing manual effort by 40%.

UI/UX Developer – Flipd (Genre-Specific Book Website) (Sept 2025)
Tech Stack: Figma
- **Design Link: https://www.figma.com/design/dis3JaYNTFuUjBESwsgfwo/FLIPD?node-id=0-1&t=tEMwlHMFuZzuIrQH-1**
- Built a responsive site for thriller and suspense enthusiasts with review systems and community features.
- Focused on immersive UX through layout, color, and interaction design.

UI/UX Designer – Smartly Cook App (Ongoing)
Tech Stack: Figma
- **Live App: [To be hosted]**
- Designing a personalized cooking guide app recommending recipes based on available ingredients.
- Supports multiple dietary preferences (vegetarian, vegan, non-vegetarian, lactose-intolerant) and multiple languages.
- Focused on creating a user-friendly and interactive experience.
